Media Experience

- **Various freelance projects over the past 5 years** – see website for details
- **Designer, editor & animator for StuffTV at www.asiastuffmedia.com (On-going)** - including branding, logo design, animation and full production.
- **Location Marshal and co-ordinator on location at Blenheim Palace for Gulliver's Travels** - working for location managers at FOX to source and organise crowd marshals.
- **VFX work experience with the FOX team on set at Blenheim Palace for Gulliver's Travels**
- **Redesign of the OXDOX Film Festival logo and creation of a motion graphic ident** for use at screenings.
- **Voluntary Intern at OFVM for 7 months.** This provided me with many opportunities including:
 - **The complete re-branding of OFVM** to Film Oxford – logo redesign, complete website redesign, stationary branding etc.
 - **Brand identity development for Location Oxfordshire**, a company providing the film industry with location support within the county – Logo concept & design, website design, branding etc.
 - **Production of a motion graphic ident for OFVM's 'Flash Forward Film Festival'** for use at screenings.
 - **Mentoring the Deputy Mayor of the Youth Parliament** on the production of a council funded documentary on children's rights. Responsibilities included giving creative and technical support throughout, arranging transportation and equipment for shoots as well as PP and VFX guidance.
 - **Supervision of a group of students whilst filming for 'Take Over Day'** - A one day shoot involving multiple locations around Oxford working with children. I was involved in arranging meetings and provided guidance when filming at these locations working to a very tight schedule. Technical & creative assistance was provided as well as ensuring students worked safely.
 - **The design & creation of numerous widely distributed flyers and posters** advertising courses and events.
 - **Assisting on courses** – aiding students with their work and general support.
 - Mastering of DVDs for productions including case, label and interactive menu design.
 - Providing OFVM members with "crash courses" in Adobe After Effects.
 - Maintenance and use of a wide range of equipment and cameras.
- **Winner of the user portion of the Intel Digital Drag Race** with my motion graphic piece entitled "Waterfall Swimmer".
